NUTLI HÜSCHI "HOW THE VALAIS PEOPLE LIVED"

Traditional and regional objects and devices from the 17th to the 19th century are presented in the Prättigau house Nutli Hüschi in Klosters - constructed in 1565 - and in the barn that dates back to the 18th century. A "Hüschi" is a small house in the Prättigau dialect. This winter, you can visit the exhibition "The Alps in the mirror of their stories" in the Hüschi.
