

Historical trips & the Landwasser Viaduct

Take the historical train and the Landwasser Express to Graubünden's famous landmark

14 May to
30 October 2022

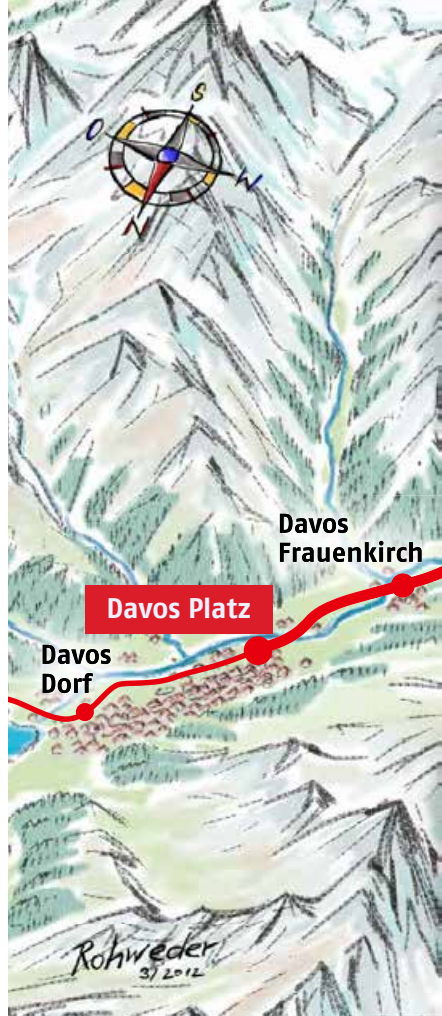

Nostalgia and adventure

Historical train compositions from the 1920s will be running twice daily between Davos Platz and Filisur from 14 May to 30 October 2022. Enjoy a trip on the cult Crocodile locomotive with green nostalgic wooden carriages and the open scenic carriage along the wildly romantic Zügen Gorge and across the impressive Wiesen Viaduct to Filisur. Just around the corner you will find the world-famous Landwasser Viaduct – the heart of the UNESCO World Heritage Site and the landmark of the Swiss canton of Graubünden. Discover this magnificent structure on the Landwasser Express* which will be waiting for you at Filisur station. Take a comfortable 30-minute ride on the red choo choo train to the vantage point. As you travel through the old centre of Filisur and the breathtaking cultural landscape of the Albula Railway Valley, you will learn interesting facts about the Landwasser Viaduct, the UNESCO World Heritage Site and the region. Take the perfect souvenir photo of the 65-metre-high and 142-metre-long Landwasser Viaduct at the vantage point and treat yourself to a hot coffee or a delicious snack at the information kiosk. The Landwasser Express will get you back to Filisur station on time.

*The Landwasser Express runs Tuesdays to Saturdays.
