Enjoy Ice-Skating

Since the 2018/19 winter season, ice sports have been a top priority in the «Ice Dream Davos». Ice skating, ice hockey, curling and Bavarian curling are performed at the newly designed facility. An ice hockey field occupies the heart of the «Ice Dream». A field specially designed for curling is located on the edge of the large field. The restaurant «Timeout» north of the complex is open for warming up with tea and cake or have lunch. Its large sun deck provides a good view on the ice field. The Klosters Arena in the town centre features two artificial ice rinks for general ice skating and curling.

Fox Hunt in the Snow

In the winter too, families can go fox hunting. In order not to lose track of the fox, the teams (2–7 persons) have to crack codes and find hidden messages along the way. The stories and the corresponding questions and puzzles are available in German, English and Chinese. The fox can be hunted on three routes: on the Foxolino «Cuolm» and Foxolino «Striunau», each of which takes about 1.5 hours. The two routes can also be combined to the Foxtrail «Cuolm Striunau». For this Foxtrail 2.5 to 3 hours should be allowed. The participants are not bound to predetermined starting times and can use the «Foxtrail» individually. Families can book this offer in the Davos Klosters information centres, online in the holiday shop or at foxtrail.ch
