Winter Activities for Families
Davos Klosters offers a wide range of winter activities for families. Young and old alike are sure to find activities to enjoy the snow, either in the valley or high up in the six ski areas, depending on their ability. Families will have great fun experiencing tobogganing, ice skating or playing hockey together. A wealth of indoor activities offers an alternative to fun on the snow or ice.

Davos Klosters has been awarded the «Family Destination» quality seal, which is presented to holiday resorts that specifically tailor offers to the needs of children and their parents or guardians. The quality seal is based on stringent conditions and comprises criteria regarding the infrastructure, experiences and services.

Welcome to the winter paradise of Davos Klosters!
On the piste, get set, go

SKIING ON THE MOUNTAIN

The six ski areas around Davos Klosters are just perfect for families that love to ski. The many attractions are geared specifically to the needs of families. Children can really let off steam in the children’s areas: magic carpets, carousels, bouncy castle, trampoline, tubing slope, ski-do and much more will get young guests’ hearts beating faster.

Tips

– Madrisa: the Madrisa-Land guarantees fun in the snow and terrific enjoyment
– Rinerhorn: learn to ski the fun way on the «dwarves» slope
– Jakobshorn: the JatzPark provides adrenaline thrills for the more daring youngsters
– Parsenn/Gotschna: thrills and spills aplenty on the ski-cross run (Totalp run)
– Schatzalp: tranquillity and no rush in Europe’s first «slowed down» skiing area
The perfect introduction to skiing

SKIING IN THE VALLEY

The five valley-level lifts in the Destination Davos Klosters provide the perfect practice areas for small children and less experienced skiers to learn to ski. Quaint and cosy restaurants, located close to the slopes, help to keep body and soul together. And the sun terraces are perfect for taking time out to unwind.

Tips
– Bolgen/Davos: learn to ski the fun way in the «Swiss Snow Kids Village»
– Bünda/Davos: children’s ski-school with a Disney run
– Wiesen/Davos: easy practice lift amidst magnificent surroundings
– Selfranga/Klosters: race down the slopes under floodlights on Tuesdays and Fridays
TOBOGGANING

All families are surely aware of the «Davos sledge». As its name suggests, the famous wooden sledge was invented in the cradle of international tobogganing – Davos. The first official race was held as far back as 1883. Today eight toboggan runs in Davos and Klosters offer the most diverse tobogganing fun.

Tips
– Schatzalp: this leisurely 2.8 km toboggan run descends to Davos Platz
– Rinerhorn: 33 bends promise an adventurous tobogganing run
– Gotschna (middle station): thrilling tobogganing descent through the snow-clad forest
– Madrisa: 8.5 km long tobogganing fun to Saas
ICE SPORTS

Davos Klosters has a long tradition in ice sports — after all, the first ice rink was operated in Davos in 1869. Today the region is Switzerland’s ice sports centre. The resort is home to Switzerland’s loveliest ice hockey stadium and other artificial ice rinks that can be used for ice skating, ice hockey, speed skating, curling and Bavarian curling.

Tips

– Sports Centre / Davos: let off steam around the brand new «World of Ice»
– Seehofseei / Davos: the beautifully situated ice rink is open every evening
– Artificial skating rink / Klosters: skill and precision in curling
Great cross-country fun for young and old

CROSS-COUNTRY SKIING

The network of cross-country trails in Davos Klosters extends to 100 kilometres of classic and 71 kilometres of skating trails suitable for all abilities. In the Nordic Park at the cross-country skiing centre in Davos, kids can improve their technique at various locations - a lot of fun! In Klosters the 4 km long circular route from the Sports Centre to Aeuja and back is especially recommended.

Unique experiences in nature

SNOWSHOE AND WINTER HIKING

Away from the much-trampled paths, families will come across deep snowy forests and untouched winter landscapes. Snowshoe hikers should be sure to follow the trail along the GWunderwald. Along the trail boards provide useful and interesting information about the flora and fauna, agriculture and forestry. Hikers cannot fail to enjoy the prepared winter hiking trail from Klosters to the Alp Garfiun, which offers a magnificent view across to the Silvretta range.
Not a trace of boredom
